in the Culture House in Svit – Slovakia

During the undertaking cavers will present speleology attractions and exploration results in 2009 at home as well as abroad

PROGRAM:

- significant discoveries in the Slovak republic
- fresh discoveries abroad
- expeditions, recognizing trips
- technical news and attractions in speleology
- exhibition of map and photo documentation

Award for:

- discovery by SSS members in Slovakia in 2009
- discovery by SSS members abroad in 2009

Spectators' award for

- the most valuable contribution from home localities
- the most valuable contributions from localities abroad
- the best panel exposition (maps, photographs)

Visitors are invited to all-day listening to interesting lectures, watching videos by Slovak cavers from significant discoveries in home karst areas and unique discoveries abroad, too.

Presentations are welcome also by our friends – cavers from abroad. Lecturers/presenters are asked to keep a maximum lecture/presentation time limit 20 minutes. Audiovisual equipment will be available. Authors are kindly requested to register their contributions (as well as their technical requirements) by an e-mail to mihalova.o@centrum.sk by the 12th April 2010.

Information, invitation and ON LINE application for Speleomeeting 2010 can be found on www.sss.sk as well.
